

Food and Beverage Requirements for School Stores

PRIVATE SCHOOLS AND RESIDENTIAL CHILD CARE INSTITUTIONS

This document summarizes the state and federal requirements for food and beverage sales from school stores, kiosks and other school-based enterprises in private schools and residential child care institutions (RCCIs) that participate in the U.S. Department of Agriculture (USDA) school nutrition programs, e.g., National School Lunch Program (NSLP), School Breakfast Program (SBP) and Afterschool Snack Program. All foods and beverages sold from school stores in private schools and RCCIs must comply with the USDA [Smart Snacks](#) nutrition standards and Sections 10-215b-1 and 10-215b-23 of the [Regulations of Connecticut State Agencies](#).

USDA SMART SNACKS NUTRITION STANDARDS

The USDA Smart Snacks nutrition standards address the sale of competitive foods and beverages to students from all sources on school campus during the school day, including cafeterias, vending machines, school stores, fundraisers and any other sources. Foods and beverages that do not comply with Smart Snacks can only be sold in school stores **after** the end of the school day.

- “**Competitive foods**” are all foods and beverages available for sale to students on the school campus during the school day, separately from reimbursable school meals.
- “**Sale**” means the exchange of foods and beverages for a determined amount of money or its equivalent, such as tickets, coupons, tokens and similar items. Sales also include any activities that suggest a student donation in exchange for foods and beverages.
- The “**school campus**” is all areas of the property under the jurisdiction of the school that are accessible to students during the school day.
- The “**school day**” is the period from midnight before to 30 minutes after the end of the official school day.

For information on the Smart Snacks nutrition standards, see the Connecticut State Department of Education’s (CSDE) handout, [Summary of Smart Snacks Nutrition Standards](#), and the [Smart Snacks](#) Web page.

The CSDE’s [Guide to Competitive Foods in Schools](#) provides detailed information on how the state and federal requirements apply to specific categories of foods and beverages. The CSDE’s [List of Acceptable Foods and Beverages](#) identifies foods and beverages that comply with all state and federal requirements.

STATE COMPETITIVE FOODS REGULATION

In addition to complying with the Smart Snacks nutrition standards, school stores in private schools and RCCIs must comply with the state competitive foods regulations. These regulations apply to all USDA school nutrition programs, e.g., NSLP, SBP, Afterschool Snack Program and Special Milk Program. Section 10-215b-1 addresses restrictions for sales of **candy, coffee, tea and soft drinks** to students. Section 10-215b-23 addresses the **accrual of income** from food and beverage sales to students.

Some stricter provisions of Smart Snacks supersede the state competitive foods regulations. The requirements below summarize the stricter provisions of the state and federal regulations governing the sales of candy, coffee, tea and soft drinks, and the accrual of income from food and beverage sales in private schools and RCCIs.

Coffee, Tea and Soft Drinks (Section 10-215b-1)

Section 10-215b-1 of state regulations prohibits sales of coffee, tea and soft drinks to students anywhere on school premises from **30 minutes before up through 30 minutes after** any USDA school nutrition programs.

- For **elementary and middle school students**, Smart Snacks supersedes this time period because the federal beverage standards apply during the entire **school day** (the period from midnight before to 30 minutes after the end of the official school day). Beverages that do not comply with Smart Snacks can only be sold to elementary and middle school students from school stores **after** the school day. For example, if the school day ends at 3:00 p.m., soda can be sold from 3:31 p.m. through 11:59 p.m.
- For **high school students**, Smart Snacks allows sales of coffee, tea and soft drinks if they meet the criteria for the category of “other flavored and/or carbonated beverages” and the portion size does not exceed 12 fluid ounces. Beverages must be evaluated **as served** including any **added accompaniments**, e.g., coffee with milk and sugar or tea with milk and honey. However, Section 10-215b-1 of state regulations supersedes the Smart Snacks standards for high school students by prohibiting sales of coffee, tea and soft drinks from **30 minutes before up through 30 minutes after** any USDA school nutrition programs. For example, if the lunch period is from 11:30 a.m. through 1:00 p.m., coffee, tea and soft drinks that comply with Smart Snacks cannot be sold to high school students from school stores during 11:00 a.m. through 1:30 p.m.

“Coffee” and “tea” include all types, e.g., regular, decaffeinated, herbal and iced. “Soft drinks” include all beverages (with or without carbonation) that contain water and/or juice and added sweeteners (including nutritive sweeteners and artificial or natural nonnutritive sweeteners), and may also contain other ingredients such as edible acids, natural or artificial flavors and colors, and added nutrients. Examples of soft drinks include soda (regular and diet), sports drinks (regular, low-calorie and zero calorie), hot chocolate (regular, low-calorie and sugar-free), and sweetened beverages (with or without carbonation) that are not 100 percent juice such as lemonade and fruit punch drinks made with 10 percent juice. Soft drinks do not include any beverages that meet Smart Snacks such as 100 percent fruit or vegetable juice, plain water (with or without carbonation) and beverages containing 100 percent juice diluted with water.

Candy (Section 10-215b-1)

Section 10-215b-1 of state regulations prohibits the sale or dispensing of candy to students anywhere on school premises from **30 minutes before up through 30 minutes after** any USDA school nutrition programs. The Smart Snacks nutrition standards supersede this time frame because they apply during the entire **school day** (the period from midnight before to 30 minutes after the end of the official school day). Candy can only be sold to students from school stores **after** the school day. For example, if the school day ends at 3:00 p.m., candy can be sold from 3:31 p.m. through 11:59 p.m.

“Candy” includes all types of regular and sugar-free varieties, such as chocolates, chocolate-covered nuts and fruits, hard candies, jelly candies (e.g., gumdrops and gummies) and breath mints.

Accrual of Income (Section 10-215b-23)

Section 10-215b-23 of state regulations requires that the income from any foods or beverages sold to students anywhere on school premises during the period of **30 minutes before up through 30 minutes after** any USDA school nutrition programs must accrue to the nonprofit **food service account**. For example, if the breakfast period is from 7:00 a.m. through 8:00 a.m. and the lunch period is from 11:30 a.m. through 1:00 p.m., the school food service program must receive the income from all competitive foods and beverages sold anywhere on school premises from 6:30 a.m. through 8:30 a.m. and 11:00 a.m. through 1:30 p.m. This includes foods and beverages that comply with Smart Snacks. For more information, see the CSDE’s [Guide to Competitive Foods in Schools](#).

FEDERAL SCHOOL WELLNESS POLICY REQUIREMENTS

Schools and institutions may have additional local requirements governing fundraisers as part of their local school wellness policy. The Child Nutrition and WIC Reauthorization Act of 2004 ([Public Law 108-265](#)) and the [Healthy, Hunger-Free Kids Act of 2010](#) require that all schools and institutions participating in the USDA school nutrition programs must establish a school wellness policy. Among other criteria, the policy must include “*nutrition guidelines for all foods available at school during the school day,*” with the objectives of promoting student health and reducing childhood obesity. For more information, see the CSDE’s [Action Guide for School Nutrition and Physical Activity Policies](#) and [School Wellness Policy](#) Web page, and the USDA’s [School Wellness Policy](#) Web Page.

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal and, where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or if all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the [USDA Program Discrimination Complaint Form](#), found online at http://www.ascr.usda.gov/complaint_filing_cust.html or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the federal Relay Service at (800) 877-8339; or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.

The State of Connecticut Department of Education is committed to a policy of equal opportunity/affirmative action for all qualified persons. The Department of Education does not discriminate in any employment practice, education program, or educational activity on the basis of race, color, religious creed, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability (including, but not limited to, intellectual disability, past or present history of mental disorder, physical disability or learning disability), genetic information, or any other basis prohibited by Connecticut state and/or federal nondiscrimination laws. The Department of Education does not unlawfully discriminate in employment and licensing against qualified persons with a prior criminal conviction. Inquiries regarding the Department of Education's nondiscrimination policies should be directed to: Levy Gillespie, Equal Employment Opportunity Director/Americans with Disabilities Act Coordinator, State of Connecticut Department of Education, 25 Industrial Park Road, Middletown, CT 06457, 860-807-2101, Levy.Gillespie@ct.gov.
